Minutes approved from the 9/5/2012 meeting.

Athletic fee

The Committee decided that this is not our purview

Student athletes' lives

No action was agreed upon.

New Business

The athletics program continues to lose money and this is expected to continue. At some point, this issue will have to be addressed, since the program is never likely to make money.

Efforts to insure that athletes meet admission requirements have been progressing. Vigilance is needed to ensure this progress holds and continues. We are planning to schedule a meeting with the incoming Associate VC for Student Affairs & Enrollment Management.
